The Next Chapter

meets in **Room 218 Cornerstone Building**.

The name of this class has two meanings. As older adults, the participants are looking forward to the “next chapter” of our lives (often minus families and/or careers), and, second, it refers to the “next chapter” of Biblical-based study. The objective is to present materials that enable participants to fully explore their relationship with God during this next chapter (stage) of life. The format will be presentations in person or through videos, followed by class discussion and interaction (no small groups).

Participants: Mostly we are adults with 50 or more years of life experience—looking forward to the next chapter of our lives—but all are welcome.

*Stu Kilpatrick, Coordinator;
Bob Zumwalt, Communications;
JoAnne Turner, Social Gatherings*

All In The Family

meets in **Room 208 Education Building**.

We are all part of God's family, and much of what our class focuses on is family related—our topics, our concerns, and our lives in general.

And since we are one big happy family, we share a fun-filled night out from time to time! Come and join us—you are always welcome!
